

The American Society of Highway Engineers (ASHE) will hold its 2014 National Conference in Bismarck, ND from June 12-15, 2014. The conference provides the opportunity for companies to network and build strong professional relationships.

The event will provide a unique and authentic North Dakota experience with planned outings to Fort Mandan, Theodore Roosevelt National Park and Medora. While visiting Fort Mandan you will step back in time when Meriwether Lewis and William Clark first explored the Dakotas. Theodore Roosevelt National Park is an untouched area of beauty resting in the Badlands of North Dakota where you can enjoy wildlife in natural habitats and spend time away from the city. Medora is home to a world-class musical set to the backdrop of the majestic Badlands along with Bully Pulpit, a golf course attracting golfers from around the world and offers one of the greatest scenic views in the state.

Abundant professional development opportunities are available to further skills and abilities through a comprehensive conference schedule and expansive networking opportunities.

Several sponsorship opportunities are available to provide your support. Sponsorships will allow exclusive exposure and recognition of your company by to hundreds of industry professionals. Attached information detailing sponsorship opportunities and general event information. Exhibit space is also available to showcase your company and allow attendees to interact with you on a personal level.

For more information on becoming an event sponsor or to view conference details visit www.2014.ashe.pro. We look forward to seeing you in Bismarck!

Regards,
The 2014 ASHE National Conference Planning Committee
